---

Summary

Motivated undergraduate seeking internship opportunities in full-stack development. Passionate about coding, problem solving, and learning. My goal is to become a software engineer, driving innovation and impactful solutions in the tech industry within five years.

Projects

Lost and Found Reporting System (Ongoing Project)   **Jan 2025 - Present**

Stack - MERN, TypeScript, Redux, Clerk Auth, Tailwind CSS

🔗 https://lfrs-venura-denethpriyas-projects.vercel.app/

Developing a web system to improve the Sri Lankan police's efficiency in handling lost item reports. The system features a user-friendly interface, APIs, business logic, and a structured database, aiming to streamline report management, enhance communication, and boost operational transparency.

TechNest E-Commerce Site   **Oct 2024 - Feb 2025**

Stack - MERN, TypeScript, Redux, Zod, Clerk Auth, Tailwind CSS

🔗 https://mebius-venura-denethpriyas-projects.vercel.app/

Implemented an e-commerce website with a streamlined user interface, RESTAPIs, a robust database, user authentication, and an integrated payment gateway to provide a seamless shopping experience.

Personal Portfolio Site   **Feb 2024 - Oct 2024**

Stack - React, CSS

🔗 https://venuraportfolio.vercel.app/

Developed a personal portfolio website with a clean UI to showcase my background, education, and projects, including contact options and resume download.

Education

University of Sri Jayewardenepura   **2022 - Present**

Bachelor of Science Honours in Business Information Systems

Skills

JavaScript	**TypeScript**	**CSS**	**ReactJS**	**NodeJS**
ExpressJS	**MongoDB**	**SQL**	**Java**	**Django**

Certifications

Full-stack Engineering for Developers   **Feb 2025**
STEM Link

Diploma In Computer Hardware & Networking   **March 2022**
NextGen Campus, Nugegoda

Advanced Certificate Course In Cyber Security & Ethical Hacking   **March 2021**
NextGen Campus, Nugegoda
