Venura Denethpriya

Intern Full Stack Developer

⊙ Rajagiriya,Colombo 📞 +94 77 306 2266 @ venurameedum@gmail.com 🔗 Portfolio Venura VenuraDenethpriya

Education		
University of Sri Jayewardenepura		**2022-Present**
	Bachelor of Science Honours in Business Information Systems	

Projects

Lost & Found Reporting System (Ongoing Project) — **Jan 2025 -Present**
Stack - MERN
🔗 https://lfrs-venura-denethpriyas-projects.vercel.app/

Developing a MERN stack-based web system to improve the Sri Lankan police's efficiency in handling lost item reports. The system features a user-friendly interface, APIs, business logic, and a structured database, aiming to streamline report management, enhance communication, and boost operational transparency.

Mebius E-Commerce Site — **Oct 2024 - Feb 2025**
Stack-MERN
🔗 https://mebius-venura-denethpriyas-projects.vercel.app/

Implement an e-commerce website using a streamlined user interface, RESTAPIs, a robust database, user authentication, and an integrated payment gateway to provide a seamless shopping experience.

Personal Portfolio Site — **Feb 2024 - Oct 2024**
Stack-React,CSS
🔗 https://venuraportfolio.vercel.app/

I developed a personal portfolio website with a clean user interface to showcase my background, education, projects, and provide options for contact and downloading a résumé, offering a seamless experience for potential employers interested in hiring me.
